Thought that I'd just let you know that I definitely will not be needed in Springfield Superior Court tomorrow, so whenever you need me I'll be available.

-Sonja

Sonja,

Thank you for the update on your case schedule. I will plan to have you on call that day so I don't waste your time driving down here if there is a chance the case will settle short of trial on that day. I will put your numbers in the file and call you if I need you to come down. Thank you so much for all of your help!

Kim

I finally heard from the ADA in Pittsfield and found out that that case has been continued to a later date, so the Springfield ADA is almost certain that he will get to me Tuesday afternoon. He said he will call me Tuesday morning to verify that the case has started. If all goes as planned, do you want me to be in Plymouth first thing in the morning, or would you rather keep me on call? If you want me on call, you can try to reach me at the lab (413-545-2607) or on my cell [REDACTED]. Thanks.

Hi Sonja,

Thank you for checking in with me on this case. So far there haven't been any changes to the case and it remains scheduled for trial on August 18. I am more than happy to put you on call for that day if you have another court to be in in

the morning. Please let me know the best way for me to reach you, and I will put you down as on call. I will also keep in mind that it will take a few hours for you to get here should you need to come down.

Thanks so much and let me know the best way to reach you on the 18th.

Thanks

I am wondering if there have been any changes in the [REDACTED] trial scheduled for Wednesday, August 18, 2010 that affect me (continuance, plea, stipulation, etc.). I am curious as another ADA might want me first thing in the morning for a Superior Court case in Springfield. That case is actually scheduled to start on Tuesday the 17th, but I am scheduled to be in Pittsfield (I have already emailed that ADA to see where things stand with that case.) I could always head straight to Plymouth as soon as I finish testifying in Springfield. If not, do you need me there at 8:45, or maybe on call (I am in the Amherst lab, so it would probably take me a couple hours to get there from when I got your phone call)? Thanks.

-Sonja

Sonja-

Thank you so much for getting back to me. If it is easiest, feel free to drop the lab notes in the mail to me rather than faxing them. I do have the lab number associated with this submission and it is [REDACTED].

Thanks for your help!

ADA Cronin-

My mailing address at the lab is

Sonja Farak  
State Laboratory Institute  
Western MA Public Health Center  
637 N. Pleasant St., Room N-251  
Amherst, MA 01003

If you would prefer, though, you can always fax it to the lab at 413-545-2608. As requested, I have also attached a copy of my CV to this email. Finally, I will work on making copies of my lab notes/data today and get them to you as soon as possible. Depending on how much data there is, I can either fax it to you or drop it in the regular mail. Do you have a preference? I know that you gave me the name of the defendant, but would you happen to know the drug lab certificate numbers for the submissions as it makes it much easier for us to look up the information (esp. if the name is in the system more than once)? Thanks.

-Sonja

Hello Sonja,

I am working on the above case. Looking at the lab report and drug analysis, you were the chemist that tested the drugs in this case. I will be sending a summons out to you for the jury trial that is scheduled for August 18, 2010. I have a few questions for you:

1. What is the proper address to send a summons to for you?
2. Could you please send me a copy of your CV so that I may forward it to defense counsel.
3. Could you please mail a copy of the lab notes to my office, so that I may again forward them to defense counsel.

Thank you so much for your help! My contact information is below.
